24x7exam.com Online Testing Platform of India

24x7exam.com is a venture by MS EduTree. This state-of-the-art-unique offering aims at providing the unlimited practice test to students striving for IIT, AIEEE, PMT and state CETs. It is a web based assessment tool. Students can take unlimited tests of Physics, Chemistry, Math and Biology as per the patterns of various competitive exams held across India. Students can take these tests anytime from anywhere in India & on this earth, literally! The online tests progressively increases the complexity of the questions and provides new questions each time student answers a question.
